BERHAD**

COMPANY PROFILE

www.kedios.com

Our Story

Founded in 2016, we started as a small team of 5 developing educational software has grown into a leading education-focused incubator and accelerator. Our mission is what drives us to do everything possible to build, transform and grow education best brands in Malaysia.

We do that by providing full time incubation and acceleration, intensive mentorship, corporate turnaround, along with access to our network of investors and industry experts to the founders.

Founded by Kedios Ooh

Kedios is a businessman, but one with a difference. He loves helping aspiring education entrepreneurs achieve their dreams. He believes in social impact and that you can build a financially successful business focused on meeting a huge global social need, helping every child succeed in schools and in life.

Our Vision

Become the largest education integrator in Asia Pacific.

Our Mission

Develop and nurture 20 education best brands in Malaysia by 2025.

What We Do

Kedios Berhad is the business incubator and accelerator focus specially on education and edu-focused technology solutions. We help education entrepreneurs and organisations of all sizes to succeed. We focus on building education businesses because we believe education has the power to transform lives. It powers a better world.

Our Specialties

KEDIOS Incubation & Acceleration Programme are simply one of the fastest ways to help education start-ups and businesses to grow, scale & get funded.

Mentorship

Founders get mentored by the core-team- accomplished entrepreneurs with focus on product-market fit, operating at scale and sales & marketing.

Strategize

Create go-to-market strategy, track progress, smart capital allocation, become sustainable and generate revenue.

Restructuring & Turnaround

Target corporate business reset and business process re-engineering to save troubled companies and returns them to performance.

Enrich Education with Digital Technology

We empower businesses to use technology to enrich teaching and learning

Growth Oriented

Our main aim is to take care of your business growth.
